

Fast Track opens Vancouver office

Fast Track Logistics Inc. of Lethbridge, Alberta, has opened an office in Vancouver and appointed Dave Pentland as president.

In addition to his administrative duties, Mr. Pentland will be responsible for relationships with major shipping lines and market development in Western Canada.

After almost 20 years of heading up the Canadian marketing efforts of a medium-sized family-owned logistics company, Mr. Pentland said he has left the firm to take on the challenges of launching Fast Track Logistics in Vancouver.

Fast Track Logistics has been a major exporter of agri products from the Prairies for the past 3 years. Last year it moved more than 4,000 containers through the Port of Vancouver.
