

All Members:

The parties are meeting again today with the assistance of two Federal Conciliators.

The Association and its Members remain firmly committed to ensuring the reliability and stability of BC Ports during this round of negotiations with ILWU Local 514 and will continue to do everything reasonably possible to reach a collective agreement with ILWU Local 514.

The BCMEA remains cautiously optimistic a negotiated settlement can be achieved by the parties and significant progress will be reported as it occurs.
